

RUSTIC FOR REST

Nature inspired
hand crafted,
one of a kind tree art furniture

FOR IMMEDIATE RELEASE

Thursday, November 18, 2004

WGBY TV AUCTION

Worthington Massachusetts is the home of several professional artists. One such resident creates unique Tree Art furniture. Jeff Dreisbach (Pronounced Dryzbock), and his company, RUSTIC FOR REST, produce nature inspired, practical, tree art from locally grown and discarded trees. The piece happily donated to WGBY is made from a single Birch Tree. As a music stand it is most definitely a conversation piece. Other variations made by Jeff are being used to hold family Bibles/books or artwork for display. From the root base to the perfectly angled and finished harp, this hand crafted item is quite special. Rustic FoR Rest can be found on the web at WWW.rusticforrest.com. Jeff is also showing his work at numerous Art/Craft shows throughout the Northeast, including the Deerfield Christmas sampler in Springfield on November 6, 7Th and is featured at "The Noble Tree" Gallery in New York. Suggested price is \$200.00.

For further information including a professionally produced 3 Minute DVD/video of Jeff and his work and/or a complete portfolio, please contact Rustic FoR Rest at 413-238-5868.
